```

The image shows a terminal window titled "amitrان-VirtualBox" with the current directory set to "~/Desktop/q_4". The user has executed the command `./dir_traversal dir`. The program's output lists five entries: a directory "dir" with ID 1570636, a file "a" with ID 1570706, a directory "sub" with ID 1570772, a file "x" with ID 1570785, and a file "b" with ID 1570733. The terminal interface includes a menu bar (File, Edit, View, Search, Terminal, Help) and a sidebar with icons for file manager, terminal, and other applications.
